

The Vote on Saturday.—The election held in this city on Saturday resulted in a large majority for a city subscription of \$100,000 to the Opelika & Talladega Railroad, and a majority equally decided against the appropriation of \$150,000 for Water Works. The vote stood—for the Railroad subscription 206, no subscription 27; for the Water Works appropriation 20, against appropriation 187. Though far from full, the vote on both questions was so nearly unanimous as to indicate the unmistakable general sentiment of the people.
