

**RAILROAD MATTERS.**—On Saturday evening Messrs. Alex Easton, B. W. C. Merington, and S. W. Cozzens, of New York, Chas. Cain and Levi Blossom, of Milwaukee and A. C. Albano, of Washington, officers of the Milwaukee, Manitowoc & Green Bay railroad, registered at the Windate House, having arrived here from the south on their way to Green Bay, to look over the proposed line of road. During Sunday they were called upon by many of our citizens, and the railroad question was thoroughly talked over. On Monday, they started for Green Bay via Two Rivers and Mishicott, accompanied by Messrs. Jos. Rankin and Carl Schmidt to the latter place. We learn that they expressed themselves well pleased with the general make-up of the country, and in our opinion work will soon be commenced.
